## About Wagner Greenhouses

Wagner Greenhouses operates out of Minneapolis, Minnesota. Our fifth generation family company supplies young plants to growers nationwide through the broker system. Known for quality and service, Wagner's excels in producing spring bedding plugs, summer/fall pansy plugs, cyclamen liners, cool crop liners, specialty florist liners and prefinished cyclamen.

Wagner's also operates two garden centers which gives some unique perspectives to our young plant production. First, we finish our own products, so we truly understand the important qualities in a plug. Second, we can actually interact with the gardening public and closely observe their buying decisions. We integrate what we learn into our young plant programs, strengthening our products for you, the grower.

# Spring Plug Program Information

*All product ships November 4, 2024 through June 27, 2025 except Dracaena & Asparagus ships only in weeks 1-10.*

*Please note: no orders will be shipped out in week 52 and week 1 due to the Christmas and New Year's holidays. Customer pickup will be available.*

Every young plant that leaves Wagner Greenhouses carries with it the evidence of our dedication to producing top quality products to help your season get a great start. We start by working closely with your sales person to ensure accurate order entry. We test every seed lot that comes through our doors to avoid surprises during production. We sow to order and grow the plants under carefully controlled conditions, with a staff skilled at managing fertilizer, moisture and temperature to achieve ideal plant growth. Our picture of an ideal plant includes short hypocotyls, well-developed roots and compact top growth, all with minimal chemical use. We then ship the young plants to arrive in good condition on the date you expect. Your success is important to us, and we are dedicated to helping you achieve it.
