

My Garden 2025

What is My Garden?

Bringing an innovative twist to fundraising with plants, Wagner Greenhouses is pleased to offer the My Garden program. Most groups can make \$10-20 per kit making My Garden Kits a great value. Your group is free to decide the selling price and your profit margin. There is a 25 kit minimum order required to participate. The individual plants included in the My Garden Kits are grown in Growcoons, a biogradable, eco-friendly mesh pot which reduces plastic waste. The Growcoons are fully compostable. Individual plant size is comparable to a traditional 4 inch potted plant.
