

My Garden 2026

What is My Garden?

Bringing an innovative twist to fundraising with plants. Wagner Greenhouses is pleased to offer the My Garden program. Most groups can make \$10-20 per kit making My Garden Kits a great value. Your group is free to decide the selling price and your profit margin. There is a 25 kit minimum order required to participate. The individual plants in the My Garden Kits are grown in Growcoons, a biodegradable, eco-friendly mesh pot which reduces plastic waste. The Growcoons are fully compostable. Individual plant size is comparable to a traditional 4 inch potted plant.

An Individual My Garden Growcoon

About Us

Wagner's is a fifth-generation family owned company operating since 1901. Visit our garden center located at 6024 Penn Ave S, Minneapolis, MN 55419 (open year-round) and 4860 Frenchman Rd, Hugo, MN 55038 (open seasonally).

Cost

My Garden Combo Kit:

Includes seven premium plants in professionally designed combinations that are ready for planting in containers or garden beds. Six different combinations are available in designs to match every gardener's color palette.

My Garden Select Kit:

Includes six premium plants. These are perfect for gardeners that prefer a more focused planting or would like to design their own combination. There are six different options available to suit any garden or container.
