2026

  
**WAGNERS**  
*A growing tradition since 1901*

# About Wagner Greenhouses

Wagners is a fifth-generation family business based in Minneapolis, Minnesota, supplying young plants to growers across the country through the broker system. We're recognized for our commitment to quality and service, with a focus on spring bedding plugs, fall pansy plugs, specialty potted plant & cut flower liners and cool crop liners.

What sets us apart? We don't just grow—we finish our own products and run two thriving garden centers. That gives us direct insight into what gardeners want and what makes a plug perform well. We turn that knowledge into better products for you, helping your business grow with confidence season after season.

## Our Products

Every young plant that leaves Wagners carries with it the evidence of our dedication to producing top quality plugs to help your season get a great start. We sow to order and grow the plants under carefully controlled conditions, with a staff skilled at managing fertilizer, moisture and temperature to achieve ideal plant growth. Our picture of an ideal plant includes short hypocotyls, well-developed roots and compact top growth, all with minimal chemical use. We then ship the young plants to arrive in good condition on the date you expect. Your success is important to us, and we are dedicated to helping you achieve it.
